- 60 – 80 Shore, V type dr. blade should be used.

### Storage & Shelf Life

- Keep containers dry and tightly closed. Store in a ventilated place between (+5)-(+30)°C /(+41)-(+86)°F of temperature.
- It should be consumed within 2 years after the production date.

### Important

The technical application and information that have been given above, are designed only as using instructions. Should not be considered as a warranty for any other use. When any help or assistance is required, our technical department is ready for help.

In case of emergency, Safety Data Sheet of this product should be ready for help at the working area. The warnings are given on safety data sheet of this product is for use outside the manufacturer/ distributor to direct/indirect can not be held responsible for any loss or damage.

## Technical Details

**Appearance**  
Paste

**Odor**  
Characteristic

**Color**  
Yellowish

**Viscosity**  
[(77 °F/25°C) sp: 91, rpm: 2 Brookfield ] :  
50.000 – 85 .000 [mPa.s]

**Density**  
0,996 g/cm3 (25 ° C/77 °F)

**pH**  
.

**Boiling Point**  
>100°C (212°F)

**Solubility**  
Dispersible in water

**Explosion Hazard**  
It is not explosive

**Packaging Information**  
PPF Puff is packed in  
1/5/10 kg cans
